

Michigan Women's Business Council 2008 Certification Orientation Schedule

The Michigan Women's Business Council invites women business owners to an orientation session to learn what it means to be certified as a Women's Business Enterprise. If you have a product or service that you'd like to market to American corporations, here's your chance to explore certification. The Michigan Women's Business Council is the Michigan certifying partner of the Women's Business Enterprise National Council (WBENC), a national, certifying body recognized by major American corporations. The Michigan Women's Business Council is a program of the Center for Empowerment and Economic Development, an SBA Women's Business Center.

You will learn

-  What is involved in the certification process?
-  How to complete the application package?
-  How to become part of a national database of certified women business enterprises?
-  If you will benefit from being certified?
-  Other resources that are available for small business.
